NOTES:
1. Standard screws are #6 x 1-1/4" (32) phillips countersunk screws.
2. Standard color is Carnes Bright White or Natural Anodized. Other colors are available on request.
3. Blades can be aligned either horizontally or vertically, and are individually adjustable.
4. Standard sizing is in even inch increments in both dimensions. Odd inch and fractional sizing [in 1/8" (3) increments] is available on request.
5. Aluminum damper is model RXFM opposed blade damper.
6. The standard operator on the damper takes a medium size flat-blade screwdriver.
7. Metric dimensions are given in millimeters.
